

Mastek Named a Top 15 Sourcing Standout in the ISG Index™ 3Q 2024 – Global, Americas and EMEA

Mumbai, India, 11th November, 2024: Mastek (NSE: MASTEK; BSE: 523704), a trusted digital engineering and cloud transformation partner, today announced it has been named a Top 15 Sourcing Standout by Information Services Group (ISG), a leading global technology research and advisory firm. Mastek continues to feature in the ISG Booming 15 leaderboard consecutively for several quarters now. Mastek was among the leading providers in the Booming 15 category based on the deals won over the last 12 months, according to the 3Q 2024 Global ISG Index™.

“We are thrilled to be recognized on the ISG Booming 15 leaderboard, which underscores Mastek’s dedication to driving growth in the Americas and EMEA markets through strategic partnerships and transformative business programs,” said Umang Nahata, Global CEO of Mastek. “With an AI-first approach and the recent launch of iConnix within our AI/GenAI portfolio, we are developing cutting-edge AI-powered solutions. Our focus remains on advancing our strategic growth initiatives, strengthening delivery capabilities, and refining account mining strategies to continue our evolution as a leader in cloud, data, automation, analytics, and AI.”

“The ISG Index™ is recognized as the authoritative source for marketplace intelligence on the global technology and business services industry,” said Paul Reynolds, Chief Research Officer of ISG. “Mastek continues to establish itself as a leading and growing player in the global market for cloud, digital, and AI services, based on its volume of business in relation to other industry providers.”

Mastek’s inclusion in the ISG Index™ is based on data the company submits to ISG each quarter. The ISG Index™ provides an independent quarterly review of the latest sourcing industry data and trends. Each quarter it names the top 15 commercial providers in the Big 15 (revenues of more than \$10 billion), Building 15 (revenues between \$3 billion and \$10 billion), Breakthrough 15 (revenues between \$1 billion and \$3 billion) and Booming 15 (revenues of less than \$1 billion) categories in the Americas, EMEA and Asia Pacific regions. Each Top 15 category includes providers that compete in the traditional sourcing market, as well as those that compete in the as-a-service market, including IaaS and SaaS providers.

About Mastek
